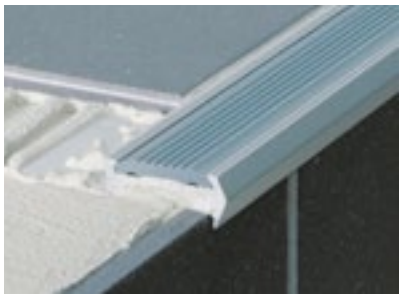
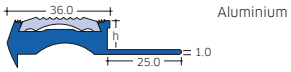
BLANKE SIDEKO

The BLANKE SIDEKO step profile consists of an extruded aluminium profile and a PVC insert strip available in three different colours. The plastic inserts are lightly grooved to ensure their particularly non-slip properties. The design ensures they are securely seated in the aluminium base profile. Wear cannot be ruled out if they are exposed to particularly heavy traffic.





ALUMINIUM 2.5
INCL. INSERT STRIP, GRAY

Length: 2.5 m PU: 1 pc.
