TECHNICAL DATA SHEET

BLANKE AQUA-GLAS KIT

Installation aid for installing panes of toughened safety glass in BLANKE AQUA-KEIL GLASS and BLANKE AQUA-GLASS profiles.

Features

- > User friendly
- > Neutral cross-linked
- > Fungicidal

Product description

BLANKE AQUA-GLAS KIT is a multipart installation set for installing glass partition walls in shower areas in conjunction with the stainless steel profiles BLANKE AQUA-KEIL GLAS and BLANKE AQUA-GLAS. The kit consists of a quick drying stainless steel and glass cleaner, neutral cross-linked transparent silicone, self-adhesive transparent shims and wooden wedges. It takes the strain out of installing glass partition walls in shower areas.

Areas of application

BLANKE AQUA-GLAS KIT is suitable for cleaning, sealing and stabilizing panes of toughened safety glass in BLANKE AQUA-KEIL GLAS and BLANKE AQUA-GLAS profiles used in both private and public shower areas.

Installation

Clean the surfaces of the AQUA-KEIL GLAS and BLANKE AQUA-GLAS profiles that are to be sealed using a cloth and BLANKE AQUA-CLEAN. Glue the shims in the pane holders of the profile at 10 cm from the end of the glass pane to ensure no tension is transmitted from the substrate to the glass. The shims also align the pane of toughened safety glass. Use the wooden wedges to fix/centre the pane in the holder. Working from bottom to top, run a bead of silicone in both sides of the joint, then smooth out the silicone. Remove the wedges one after the other.

Technical Data

Scope of delivery: Set 1, for panes up to 1.0 x 2.1 m:

- 1 cartridge BLANKE AQUA-FIX silicone 310 ml
- 1 bottle BLANKE AQUA-CLEAN cleaner 100 ml
- 4x 1 mm PVC shims
- 4x 2 mm PVC shims
- 8 beech wood wedges

Scope of delivery: Set 2, for panes up to 2.0 x 2.1 m:

- 2 cartridges BLANKE AQUA-FIX silicone 310 ml
- 1 bottle BLANKE AQUA-CLEAN cleaner 100 ml
- 4x 1 mm PVC shims
- 4x 2 mm PVC shims
- 8 beech wood wedges

Attention: The correct and thus successful use of our products is not subjected to our inspection. Liability can therefore only be accepted for the quality of our products within the framework of our terms of sales and delivery, but not for successful installation. This data sheet supersedes all previous technical data sheets for this product. We reserve the right to make changes which represent technical progress. Information provided by our employees which goes beyond the scope of this data sheet requires written confirmation.
