

# TECHNICAL DATA SHEET

## BLANKE ECKBERT

The useful corner shelf for the shower area

### Features

BLANKE ECKBERT is a thin-layer shelf made of stainless steel in various geometries and design lines.

- > Easy maintenance
- > Tool-free installation without drilling
- > Can also be retrofitted

### Product description

BLANKE ECKBERT is a useful corner shelf for the modern shower area. The place for shampoo and shower gel. The corner shelves made of robust stainless steel are available in different geometries and ensure a tidy shower. Various structures are cut out of the tray surface to prevent standing water. This makes the tray easy to clean and look after. The shelf can be retrofitted without drilling holes in the joint. BLANKE ECKBERT is available in different design lines.

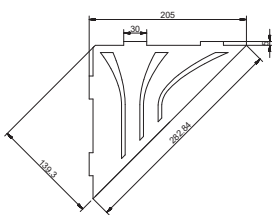

### Areas of application

BLANKE ECKBERT can be secured on the tiling surface without drilling any holes. The horizontal joint gap between two tiles is used for this purpose. The shelf can be retrofitted on existing wall coverings. Care products such as shampoo, shower gel, etc. can be placed on the shelf. The corner shelves are also suitable for areas outside of bathrooms with tiled walls.

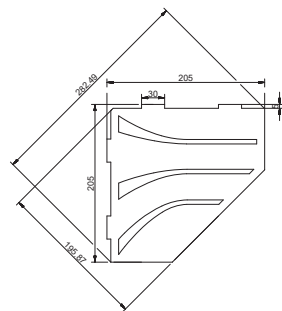

### Technical data

Material:	stainless steel
Thickness:	2 mm
Mounting lugs:	4 pcs. 5 x 30 mm
Load capacity:	16 kg

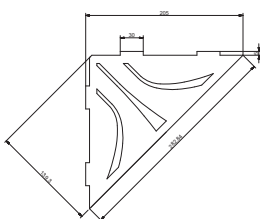

BLANKE ECKBERT KASKA

BLANKE ECKBERT QUELL

BLANKE ECKBERT XL QUELL

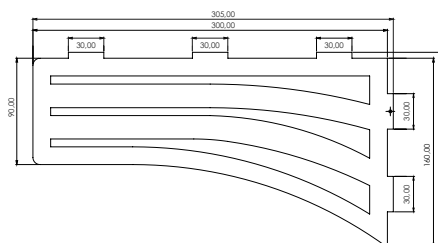

### Installation

The corner shelf is inserted using the provided mounting lugs into the joint cavity and aligned. The top edge of the shelf touching the tiles is sealed on all sides with silicone. A joint width of at least 2 mm is required. With existing coverings, the joint must be removed beforehand using an oscillator. The mounting lugs can then be inserted into the open joint area and then grouted all around with silicone after aligning the shelf.

BLANKE ECKBERT CURVED

Material:	stainless steel
Thickness:	2 mm
Mounting lugs:	5 pcs. 5 x 30 mm

**Attention:** It is beyond the scope of our responsibility to ensure the appropriate and thus successful utilisation of our products. Liability can therefore only be accepted for the quality of our products within the framework of our terms of sales and delivery, but not for successful installation. This data sheet supersedes all previous technical data sheets for this product. We reserve the right to make changes which represent technical progress. Information provided by our employees which goes beyond the scope of this data sheet requires written confirmation.
