**NEW DESIGN:
ECKBERT CURVED**

BLANKE ECKBERT – *CURVED*

The practical corner shelf for the shower

BLANKE ECKBERT is a practical corner shelf for modern shower spaces. It provides a convenient place for shampoo and shower gel. The shelf is made of durable stainless steel and can be retro-fitted without drilling by simply inserting it into the grout joint.

With the new “CURVED” design, additional design options are available, allowing you to customise your shower to suit your individual preferences. In addition to brushed stainless steel and matt black, the new BLANKE ECKBERT CURVED is of course also available in all colours of the BLANKE NEW YORK EDITION.

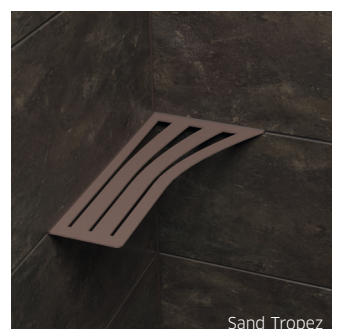

Available in all colours of the BLANKE NEW YORK EDITION!

Sugar White

Greige

Sand Tropez
